Friends of the Togyers museum visited the SAJM as part of the 100 year commemoration of the Ceres Synagogue. They were welcomed by the director of the museum, Gavin Morris, who gave an overview of the Jewish museum. The group first proceed to the 1905 Gardens Shul, a modern Orthodox synagogue where Rabbi Feldsman presented a talk on the establishment of the Society of the Jewish Community of Cape Town and the building of the synagogue in 1863 and the 1905 synagogue that has been called "one of the most magnificent synagogues in the world" Later family members of the Jewish community in Ceres, joined the group for a lovely lunch.

TOGRYERS MUSEUM

The museum entertain the residence of Huis Peter Strauss every Wednesday afternoon through book reading. The past two months, local writer, Elbey van Rensburg's book, "Elbey se genadepad" has been the main focus of their Wednesdays. With most excitement the residence received a visit from the writer herself on Wednesday. She held her audience captive, when she shared the journey of writing her book.

The Togryers museum extends compassion and support, delivering care bags to the Family Violence, Child Protection, and Sexual Offenses Unit in Ceres for survivors of sexual assault as part of 16 Days of Activism. We are thankful to those individuals who contributed to the cause.
